

ATHARVA PETKAR

Nashik, Maharashtra | +91 7066731313 | atharvapetkar234@gmail.com | github.com/Atharvap234

Professional Summary

Aspiring AI and Data Science Engineer with hands-on experience in machine learning, Python, and AI-driven application development. Skilled in building end-to-end ML workflows, data preprocessing, and model evaluation. Passionate about applying emerging AI technologies to solve real-world problems.

Technical Skills

- **Programming Languages:** C++, Python
- **Web Development:** HTML, CSS, JavaScript, React.js, Flask, MySQL
- **Python ML Libraries:** NumPy, Pandas, Scikit-learn, Matplotlib
- **Machine Learning:** Regression, Classification, NLP, Data Preprocessing, Feature Engineering, Model Evaluation, AutoML (TPOT)
- **Cloud & Tools:** AWS, Oracle Cloud Infrastructure, Git/GitHub, Linux

Projects

AI-Powered Text-to-AutoML Platform Mar 2026 – Present
ML Developer & Backend Contributor

- Built an AutoML platform that converts natural language descriptions into end-to-end machine learning workflows using NLP and automated model optimization
- Implemented data preprocessing pipelines and integrated TPOT for automated model selection and hyperparameter tuning
- Developed Flask REST APIs and generated model performance reports with evaluation metrics and visualizations

AI-Based Football Match Analysis System Jul 2025 – Oct 2025
Data Analyst & ML Contributor

- Analyzed sports match data using AI/ML models to generate performance insights and predictive analysis
- Performed data preprocessing and feature extraction to support model development for performance analysis

Online Ticket Booking Website Jan 2025 – Mar 2025
Backend Developer

- Designed and built a Flask and MySQL web application with user authentication, ticket booking, and payment integration
- Implemented secure login functionality and managed database operations for end-to-end booking workflows

Education

B.Tech in Artificial Intelligence and Data Science 2023 – Present
K. K. Wagh Institute of Engineering Education and Research | CGPA: 8.23

Higher Secondary Education (12th) 2021 – 2023
Priyadarshani College, Ahilyanagar | Percentage: 64%

Secondary Education (10th) 2021
Indus World School | Percentage: 88%

Certifications

- **Oracle Cloud Infrastructure Generative AI (2025)** – Oracle: Generative AI, LLMs, Prompt Engineering, Oracle Cloud AI Services
- **AWS Certified Cloud Practitioner** – Amazon Web Services: AWS Cloud, Cloud Architecture, Security, Networking
- **The Bits and Bytes of Computer Networking** – Google: TCP/IP, DNS, Routing, Network Protocols, Cloud Networking
- **OS and You: Becoming a Power User** – Google: Linux, Windows, System Administration, Command Line

Achievements & Activities

- Reached the final screening round in Smart India Hackathon (SIH) 2025
- Participated in the NASA Space Apps Challenge
- Active member of college football and cricket tournaments
